CONNECT @ EYW

Every Monday night at Exodus, EYW opens its doors to a night of complete honesty and freedom of speech. This is a night of thought provoking discussions, amusing activities and nail-biting debates on controversial social issues. We also have special guests sharing their personal stories of hardships and triumphs. If you are outspoken and love to vent, or even if you are a quiet observer, come join us. Doors open at 7pm for food and the meeting starts at 8.00pm.

EYW runs this program with a firm belief in creative therapy to enrich cultural value within the community. Open Workshop encourages individuals to embrace their artistic expression by providing a supportive environment that is free of judgement.

Big Screen

Everyone loves a movie. Sunday nights are dedicated to movies and discussion. World movies, series and movies that make you laugh, cry and reflect. It's a chilled night with good company, popcorn and its free! 6pm start.

XO Records

This initiative is more than just a recording studio- it is an empowerment studio especially for those who may be socially isolated. XO records allows young people to communicate their story through the popular medium of music in a healthy and nurturing environment. Using lyrics and a beat, young people are able to start a process of healing that is interchangeable and relatable.

TRAVEL @EYW WITH A PURPOSE

For any community development Project to be effective, it has to be wide-ranging and transformative for everyone involved. EYW takes groups of people from Australia overseas for a Travel With a Purpose experience where they can immerse themselves in the local community, exchange experiences, and engage with EYW's Community Development projects. This incredible experience widens any person's worldview and allows them to participate in another culture as well as sharing their own lives with others in another country.
